Antifa should be scared of us. Stay safe and dont do anything stupid at this, but also stand up for youself if it comes to it. Stay in groups the whole time and if any antifa goober tries to even approach you, push them down, steal their flag, rip their mask off, throw water or coffee or milkshakes in their face, film it and humiliate them.

They are under the impression we are just going to take it and wait for the do nothing police to save us, they arent.

Dude, don't be a dick. I clearly stated that I live near DC and have gone to every stop the steal in the city. What the fuck have you done for Trump?

There are a lot of comments throughout the site with patriots gnashing their teeth about Antifa and I'm sick of it.

He's right. Noone is afraid of Antifa and I haven't heard jack shit about it until your post, pussy. They're tiny little bitches who only attack when the numbers are overwhelmingly on their side and I've got news for you and them that Antifa are the ones horribly outnumbered and in for trouble if those bitches start shit.

No one is afraid of antifa

many are concerned about the cold and about the US military and Capitol police being deployed against them, because honestly we don't know which way they are going

capitol police are controlled by BOWSER which is deepstate, so there are concerns about antifa with police at their BACKS

Nope, you're a huge pussy and shill for even implying that anyone's afraid of Antifa as I spend a ton of time on this site and have never seen what you claimed. You wish they were as you're a member of Antifa, but no one is afraid of them, sorry to break the news to you. You apologize for being such a pussy and trying to pass yourself off as a Trump supporter.

Who the fuck is scared of them!? ... I don't think I've ran into one person in here worried even a tiny bit about them!! ... I'm more worried about how violent I'M going to have to get!! What things will I have to live with after this is over... I come from the ghetto, I'm big, been fighting all my life, a convicted felon (so I will only be armed with a bat) and I'm coming there ready for whatever is called upon me to do!!.... Honestly I don't think it'll be anything more than the last 2 ... I hope I'm wrong and this accomplishes something... But I just don't see our side committing the type of violence that would be needed to actually take over or something Anything short of that is just yelling and screaming Again, I'm ready for whatever.. but I'm ready for it just to be like last time too... I'm not going to allow myself to have another let down so I'm going to be prepared for whatever

Antifa are just masked cowards, they only attack the easy prey of families and elderly. I was in DC for the last rally and they don't do shit to people who stand up to them, especially when the Proud Boys are spread out all over and not just huddled in one area. Again Antifa are mainly dorky white people trying to be badasses and failing miserably. You have NOTHING to fear if you go in with the knowledge to stay in groups, and that doesn't mean a group of 2 or 3. Your surrounded by patriots who got your back! Don't fear them, don't let them keep you away, and shit while your there feel free to clean up BLM plaza or whatever they call their little area that they trash with bullshit signs. They need to fear us.

The police are there to protect Antifa but there's only about 10K cops in the whole city. This is not a drill or a joke and Trump is mustering and mobilizing Patriots to an order of magnitude that we have never seen. Having been to every Stop the Steal I have total confidence we get at least a million and high confidence that we get millions, plural.

This is the first one I can go to and I don't want to miss it. The only thing I know is that Kelly's Irish Times is a based pub.
